MAPPED AS PER NEW
EDUCATION POLICY 2020

This is what people tell about us....

I am very much impressed with the Happy Tots curriculum and the text books and our CBSE school children have shown tremendous improvement in their language proficiency as the books are rich in content and filled with age appropriate activities.”

Mrs.Selvi Manivannan, Correspondent,
(Vijay group of Schools & colleges, Dharmapuri& Hosur.

It's our pleasure to share with you about our experience with Happy Tots curriculum. We really feel that your curriculum has enhanced the creativity and personality of young champs. The real output is we got a group of smart kids for our standard. I. Really amazing concept related curriculum helped them to explore new things. Hats off.....

Mrs.Girija,Principal,
(Muthusamy Gounder Matric. Hr. Sec. School, Pollachi)

A futuristic curriculum designed to nurture the creativity and sustain the curiosity,spiced to give a happy experience to the educators and the learners. Experience Happytots to Spice up life of young minds and to remain happy.

Mrs.S.Bhuvaneshwari, Principal
SRM Public School

We have associated ourselves with Happy Tots since 2009 and our children have shown remarkable change in their language, creative and thinking skills using the excellent Happy Tots and Happy Time activity books.

Mrs.Selva Vaishnavi Rajan, Principal,
(Kanchi Sri Sankara Academy Mat. Hr. Sec. School, Thiruchendur)

The kindergarten series Happy Times and Happy Tots has eye capturing illustrations and activities which makes English learning easy for the young learners. Our children have shown tremendous improvement in their vocabulary and communication skills.

-Mr.Bharathkumar,
(Oxaliss International School)

Happy Tots books caters to the intellectual as well as emotional development of the child thereby relating to the textual content.It takes care of the 'newness' of the contemporary aspect of education at the pre-primary level.The graphics and presentation makes the learning process colourful and joyful.On the whole it captures the interest of these tender and inquisitive minds..

Mrs.Priyanka Ghosh Jesuraj, Principal
Vikas mantra public school

Welcome

to our kindergarten learning series catalog

Happy Tots is one of India's premium early childhood education programmes from VBH publishers who have been empowering children with the power of knowledge for over a decade through their enriching magazines. Happy Tots India is well known in the Early years sphere for its high-quality curriculum and content development. The programme has well integrated itself into reputed and established schools across India and is garnering positive reputation for the distinct transformation it is bringing about in all partnering institutions.

The contents of these books have been written with opinions of experts in beginner learning. The books provide the right mix of creative, pragmatic support for teachers and exciting, age appropriate activities for children. The well thought out learning activities, enable the children to realise their latent potential and prepare them for entry and successful learning at the primary school level.

Our publications are designed as two series namely “Bumblebee” (Term Books) and “Happy Tots” for Pre-primary. Each series comes alive with vibrant illustrations and brain stimulating activities to encourage children to think, deduce, analyse and learn basic language & mathematical concepts. Our resources are carefully checked prior to publication to ensure that the young learner’s needs are met, a teacher friendly design is implemented and the books are in a developmentally appropriate sequence. As education adapts and changes at an ever-increasing pace, we will always be there empowering the teachers to inspire the students on their lifelong journeys in education.

Both the series have been prudently designed to provide a stimulating range of exercises that expedites children to build up a strong foundation for formal education in the primary classes. Age-appropriate activities foster holistic development in all domains such as physical, emotional, cognitive and social. The activities help in enhancing sensorial learning and student’s vocabulary along with developing their literacy, numerical and creative skills.

The contents of the books have been set in a thematic manner to make learning simple, interesting and fun. Working with this series helps children to quickly develop vital skills like reading, writing, reasoning, hand-eye coordination, numbers, colours & shape recognition, all required at their current stage of growth.

The pages have been designed to be colourful and eye-catching with meaningful activities & tasks for the children and their everyday lives. This will positively encourage children to explore more, work independently and be rewarded with a memorable learning experience.

HAPPY TOTS SERIES

This series is an easy to use, well structured pre-primary curriculum for all three levels of kindergarten- Pre, Junior & Senior kindergarten. The program engages children in exciting learning activities specifically designed to meet the developmental needs and help them advance to the next level. Our curriculum emphasizes language and literacy, cognitive development, social-emotional skills, physical activity and creativity.

The series adheres to the vision outlined in the National Education Policy (NEP) 2020 for early years. This series also integrates the essence of National Initiative for Proficiency in Reading with Understanding and Numeracy (NIPUN Bharat) guidelines, which extensively deal with foundational literacy and numeracy.

+

+

The language books & phonic books help as a general guide on how to progressively teach the child to learn and to read. The number books helps to hold their relatively short attention spans and helps give them some tangible way to express or visualize the concepts they are learning. The activities in the EVS book help children understand that there are many ways that they can participate in making the earth a healthier place to live, by planting a sapling etc. The Happy Tots books have been designed beautifully keeping in mind the fact that every child is different.

Ms. Zeenathun Nisha, Principal
North Star Kindergarten School
Qatar.

**English | Mathematics | Environmental Science | Thinking Skills |
Art & Craft | Stories & Rhymes**

Preschool is an important stage in a child's life as they begin to observe and explore the world around them. We help the children develop their critical thinking skills and intellectual curiosity that fuels success in their kindergarten classroom and beyond. Based on the cross-curricular approach to learning, Bumblebee is a child-centered, term-wise series for kindergarten.
